

Selection Criteria for Synopsis of PhD Proposal/ Working Paper

The following criteria are applicable for:

1. Synopsis of PhD proposal from prospective PhD students/ candidates
2. Synopsis of working paper from students who are currently pursuing their PhD

The submissions will be assessed based on the following criteria:

- Introduction (including research objectives)
- Clearly defined research question/problem statement in line with the scope/theme of the conference
- Literature review that helps to identify the research gap the study addresses
- Logical support to the research proposal (any kind of support is allowed)
- Methodology
 - Description of the model/solution technique used in obtaining the results
 - Mention of the sources of data and accuracy of the obtained data
 - Data analysis (if applicable)
- Expected Outcome (if applicable)
- Indication of research contribution

Only selected submissions will be accepted for presentation and discussion purposes in the conference.
